

Fenner Drives Product Testimonial

SuperTLink & PowerTwist

Air Conditioning and Exhaust Units

Shangri-La Hotel, Abu Dhabi

SUPER T LINK
SP WEDGE BELTS

POWERTWIST

To Fenner Drives, UK

We are presently using your Fenner Drives HPC V-Belts (SuperTLink SPA section and PowerTwist B section) on our AC units and exhaust fans.

We are very happy with the performance of belts. We tried these belts a year ago. We found Fenner Drives belts are more efficient than rubber belts.

With these belts we maintain much less inventory and it's easy to install. Fenner Drives HPC V-Belts save maintenance time also.

We are replacing almost every rubber belt in our premises with Fenner Drives HPC V-Belts.

Regards,

Christian Tjenderasa
